Pedicle screws, intraoperative stimulation of, 544
Percutaneous transluminal angioplasty, in canine model of vasospasm, 163
Peripheral nerves, problems of, lost opportunity in treating, 294-rc
Periventricular lucency, on computed tomography associated with hydrocephalus, cause of, 285-rc
Persistent feeding arteries, to angiographically completely embolized AVM, demonstrated by intraoperative color-flow Doppler testing, 326
Petrous bone drilling, unused, in juxtacondylar approach to jugular foramen, 279
Pharmacology, percutaneous transluminal angioplasty in canine model of vasospasm and, 163
Pineal region meningiomas, large, successful removal of, 562
Pineoblastoma, nonresective treatment of, 386
Pituitary
adenoma
men with, hot flushes in, 14
Rathke cleft cysts and, 19
tumors, acromegaly and, 83
Polyvinyl alcohol embolization, of cerebral arteriovenous malformations, 108
Posterior cerebral artery, anastomosis of occipital artery to, using occipital interhemispheric transtentorial approach, 245
Practice development, neurosurgical, 402
"Preplacement," of back of halo vest, in cervical traction for cervical spine injuries, 476
Primary craniosynostosis, cerebral hemodynamics in, transcranial Doppler analysis of, 334
Primary intraventricular hemorrhage, in adults, clinical features, risk factors, and outcome, 433
Prognostic factors
for calvarial flap, 181
for low-grade astrocytomas, 224
for low-grade supratentorial astrocytomas, 208

R
Radiosurgery
gamma knife, for AVMs, autopsy report focusing on irradiation-induced changes observed in nidus-unrelated arteries, 421
patterns of practice, 414
Rat, cerebral contusion in, effects of, 573
Rathke cleft cysts, pathological, surgical, and MR spectrum of, 19
Reader's comments, 80, 82, 94, 192, 202, 204, 293, 294, 409
Recanalization, delayed, of AVMs, following angiographic obliteration with polyvinyl alcohol embolization, 108
Resident's corner
Advice to young neurosurgeons, 82, 589
Disseminated intravascular coagulation, 184
Editor's note, 80
Neurosurgical management of the frontal sinus, 80
Periventricular lucency on computed tomography associated with hydrocephalus: what is the cause?, 285
What is metanalysis?, 581
Withdrawal of glucocorticoid therapy in neurosurgical patients, 498
Retirement, of shift of interest, 94-rc
Revascularization, in moyamoya disease, 251
Rhizotomy, for trigeminal neuralgia caused by a cerebellopontine-angle lipoma, 33
Root, trigeminal, neurinoma of, atypical trigeminal neuralgia and, 36

S
Sella turcica
fractures, in trauma series, 28
Rathke cleft cysts and, 19
Siblings, Dandy-Walker variant in, adult-onset presentation of, 43
Sinuses
frontal, neurosurgical management of, 80-rc
sphenoid, parasellar *Aspergillus* granuloma extending from, 489
venous occlusion, in cats, changes in cerebrocortical capillary network following, 172

Skull, fracture, sella turcica, 28
Somatosensory-evoked potentials, mannitol effect on focal cerebral ischemia evaluated by, 55
Sphenoid sinus, parasellar *Aspergillus* granuloma extending from, 489
Spinal canal, migration of bullet in, 548
Spinal subarachnoid hematoma, spontaneous, 133
Spinal trigeminal nucleus, in cervical central cord syndrome, 236
Spine
  cervical, injuries, "preplacement" of back of halo vest in cervical traction for, 476
  familial syringomyelia and, 48
  intramedullary tuberculous granulomas, excision of, 241
  lumbar, disc surgery, complication of epidural fat graft in, 479
  problems, lost opportunity in treating, 294-rc
Stereo-angiographic localizer, surgical treatment of cerebral mycotic aneurysm using, 263
Stereotactic craniotomy, CT localized, for excision of bacterial intracranial aneurysm, 265
Stereotactic procedure, behavioral problems relieved by, expanded cavum septum pellucidi and cavum vergae associated with, 471
Stereotaxy, XIth Congress of European Society for stereotactic and functional neurosurgery on, 88
Subarachnoid hematoma, spontaneous spinal, 133
Subarachnoid hemorrhage
  aneurysmal, management of, 522, 528
  anticoagulation for prevention of cerebral infarcts following, 270
  cisternal, spontaneous diminution of, 356
  and intraventricular hemorrhage, caused by hypernephroma metastasis, accompanied by innocent bilateral posterior communicating artery aneurysms, 275
Subdural hematoma, acute, 409-le
Subgaleal preservation, of calvarial flaps, 181
Surgery, *See also* specific procedure
  ACoA aneurysm, A3-A3 anastomosis in, 122
  acoustic neuroma
    CSF leak after, 192-le
    facial nerve outcome after, 95-rc
  bridging vein injury during, 158
  for central nervous system tuberculosis, 378
Syringomyelia, familial, *See* Familial syringomyelia

T

T10 level, spinal canal, bullet migration and, 548
^{99M}-Tc-HMPAO labeled leukocyte SPECT, in intracranial lesions, 338
Thrombosis, intravenous, prevention of in bridging vein injury, 158
Total resection, of meningiomas involving cavernous sinus, 3
Transcranial Doppler analysis, of cerebral hemodynamics in primary craniosynostosis, 334
Trauma series, sella turcica fractures in, 28
Trigeminal neuralgia
  atypical, neurinoma of trigeminal root and, 36
  caused by cerebellopontine-angle lipoma, 33
Trigeminal root, neurinoma of, atypical trigeminal neuralgia and, 36
Tuberculosis, central nervous system, medical management and surgical indications, 378
Tumors, *See* specific body area; specific type of tumor, 298

U

Ultrastructural findings, following cerebral contusion in rat, 573
Uni-multivariate statistical analysis, of prognostic factors in low-grade supratentorial astrocytomas, 208

V

Valsalva maneuver, myelopathy associated with, 228
Vascular disease, lost opportunity in treating, 294-rc
Vasospasm, cerebral, *See* Cerebral vasospasm
Vein of Galen malformation, surgical obliteration for, 365
Venous collateral flow, preservation of in bridging vein injury, 158
Venous sinus occlusion, in cats, changes in cerebrocortical capillary network following, 172
Verification, of pedicle screw placement, new method for, 544
Vertebral artery, atlantal part of, microsurgical anatomy of, 392
Virtual medicine, step toward, holographic imaging of human brain preparations, 428

X

X-ray, of traumatic basilar impression, 31

Z

Zimmerman, Harry M., tribute to, 405

br = book review; ed = editorial; en = editor's note; le = letter or reader's comment; com = commentary; cd = case description; rc = resident's corner.
